We absolutely continue to consider our parents as a large part of our program and we continue to have an “Open Door” policy in the sense that we are always willing to discuss your child, our program or to address any questions or concerns parents may have but we must do so in a safe manner for all so that is through email, the portal or over the phone.

Parent Volunteer Opportunities:

We are not allowing volunteers or visitors at this time.

Tuition: A lesser tuition fee will be charged for online learning should that occur for more than one month.

Arrival and Departure:

Only one parent/guardian may enter the building to drop off/pick up a child. Each family will receive their designated drop off/pick up time. These are fixed for safety so please be prompt. The preschool doors will remain locked except during the appropriate drop off/pickup time.

Signing in/out:

A QR code will be provided so parents can check their child in and out with a PIN and initials. A PIN has been provided for all authorized persons - it is the last four digits of their phone number

Health & Health Records:

- Children will have their temperatures checked each day;
- No child with a temperature, diarrhea, vomiting, cough or communicable disease may attend or remain at school;
- No child who has had a fever, diarrhea, cough or has vomited at least 48 hours previously may attend school; and

- **Exposure:** A child who has an isolated exposure must stay home for five days and may return with a negative test result after five days.
- A child who is exposed in the home by a person who cannot isolate must stay home in quarantine for ten days because of the potential for continued exposure.
- **Outbreak:** School closures for 10 days will occur in the case of an outbreak (five or more consecutive cases) with further monitoring as required by the Tri-County Health Department or in the instance that the Governor closes all in-person gatherings similar to the ‘shutdown’ in March 2020.
- **Travel policy:** We encourage our families to be cognizant when traveling and to avoid visiting known ‘hot spots.’
